JOIN US ON (MOTHER'S DAY)

to Give Back to Women

Children and mothers are the most vulnerable people in the developing world. One of the biggest barriers women face is to find skilled providers who have the supplies they need to practice safe and effective childbirth. We are asking you and your friends and family to join us on Mother's Day Morning to help women and children access these critical lifesaving supplies. We guarantee that your time and donations will bring better health and comfort to women and children abroad.

Afya is honored to be a partner of the Count Me In campaign spearheaded by Every Woman Counts www.everymothercounts.org. We'll start the day by watching a trailer from Christy Turlington Burns' "No Woman, No Cry" (which premieres on OWN May 7 at 930pm and May 8 at 1pm). You'll learn more about the broader issues of maternal health and what our sort is intended to address.
